DETAILED PERFORMANCE METRICS

Core Web Vitals (Mobile):

- **LCP (Largest Contentful Paint):** 9.0 s - Measures loading performance
- **FCP (First Contentful Paint):** 1.5 s - Measures time to first content
- **CLS (Cumulative Layout Shift):** 0.009 - Measures visual stability
- **Overall Score:** 70/100

Google recommends scores above 90 for "Good" performance. Scores below 50 are "Poor" and will negatively impact search rankings and user experience.
