

# Digital Performance Audit

## Curry Plumbing

Website: [curryplumbing.com](http://curryplumbing.com)

Report Date: February 05, 2026

## EXECUTIVE SUMMARY

Your website shows moderate performance with a mobile score of 70/100. While functional, there are optimization opportunities that could improve customer acquisition. The 9.0 s load time is above the recommended threshold.

## CRITICAL FINDINGS

AREA	STATUS	IMPACT
Mobile Speed	■ WARNING	Score: 70/100, LCP: 9.0 s
Desktop Speed	■ GOOD	Score: 90/100
Lead Capture	■ OPPORTUNITY	AI-powered intake can capture 24/7 leads

## PROPOSED SOLUTIONS

- Mobile Optimization** - Compress images, minify CSS/JS, implement lazy loading
- AI Intake System** - Deploy 24/7 AI phone answering to capture leads while you work
- Performance Monitoring** - Weekly performance reports to track improvements

## NEXT STEPS

I'll follow up with your office to discuss these findings. A 14-day trial of our AI Intake system is available to immediately capture leads you may be missing.
